I understand that this permit is required to be in hand during hunting and is valid only for the date noted. This permit further does not exempt myself, or any member of my party, from any Federal or North Carolina state game laws. I agree to fully abide by Corps, Federal, and State regulations while hunting. I understand that this permit entitles my party to hunt in an area not typically open to hunting, and thus, will make every effort to be sure that the general public is kept safe and that a conscientious image is portrayed. This requires judicious use of firearms, decoys, paths of ingress and egress, along with game care after the hunt. Remember, it is your responsibility and failure will result in loss of privilege in the future!
