13 May 2015

Planning and Environmental Branch

Dear Madam or Sir:

Enclosed for your review and comment is a copy of the Environmental Assessment (EA), Shoreline Management Plan, John H. Kerr Reservoir, Boydton, Virginia, dated May 2015. The EA has been prepared in accordance with the Council on Environmental Quality and the U.S. Army Corps of Engineers' regulations for implementing the National Environmental Policy Act of 1969 (33 CFR 230), as amended.

Based on the information in the EA, we expect the proposed Federal action will not significantly affect the quality of the human environment; therefore, an Environmental Impact Statement will not be required. If this opinion is upheld following circulation of this EA, a Finding of No Significant Impact will be signed and circulated. We would appreciate receiving any comments regarding our determination within 30 days of the date of this letter. If we have not received your comments by then, we will assume that you have none.

Written comments may be submitted to Ms. Teresa Bullard, U.S. Army Engineer District, Wilmington, CESAW-ECP-PE, 69 Darlington Avenue, Wilmington, NC 28403. Comments or questions can also be emailed to Ms. Bullard at: Teresa.R.Bullard@usace.army.mil.

Sincerely,

Elden Gatwood
Chief, Planning and Environmental Branch
