**Permit Conditions:**

1. A Geocache Placement Permit application must be completed and approved by the appropriate Corps of Engineers office before posting the cache on a geocaching website. This permit is only valid for one cache placement.
2. Only containers marked with "Geocache" may be used as caches. No digging or excavation is permitted.
3. Corps of Engineers permits will not be issued on Corps owned lands that are leased or outgranted to other public agencies such as the North Carolina Division of Parks and Recreation, the Wildlife Resources Commission, or local municipalities. Lock and Dam grounds are prohibited.
4. Permit is good for two years from date of permit issue. If the cache owner removes the cache, he or she will notify the appropriate Corps of Engineers office.
5. The Corps of Engineers reserves the right to terminate this permit for placement of a Geocache on Corps land for any reason at any time. Caches not in compliance with the terms of this permit will be removed from the property and this permit is voided for failure to comply.
6. Cache owner shall monitor this cache every 2 months to insure it is family friendly. This means the cache will not contain food, alcohol, firearms, drugs, dangerous items, or pornographic material.
7. Only the Corps of Engineers Operations Manager or their designee can approve of the cache site.
8. All state and county laws apply.
9. The name of the cache and the website address will be provided within 7 days of placement to Corps of Engineers.
10. Unauthorized cache(s) on Corps of Engineers land will be removed and the responsible person may be cited under the Federal Code of Regulations, Title 36, Part 327.
11. Cache permittees shall delete website location(s) from all records within seven days of removal of cache.
