 POTENTIAL UPLAND AREAS

 POTENTIAL "ISOLATED" WETLAND AREAS
"Isolated" wetland areas come under only NCDENR State jurisdiction. Delineated in the field with "pink/black-striped" flagging.

 POTENTIAL 404 WETLAND AREAS
Jurisdictional 404 wetlands found during this evaluation or delineated in the field. This is an isolated wetland with a direct / indirect significant nexus by overflow to a manmade ditch.

 2 - 3 ft Deep, open, historically existing drainage ditching.
None were found to be "Water of the U.S." during this evaluation.
