PUBLIC NOTICE

August 10, 2018

Corps of Engineers seeks public comments on Duke Energy project

WILMINGTON, N.C. - The Wilmington District, U.S. Army Corps of Engineers received an application from Duke Energy seeking to modify the existing Department of the Army authorization for the Mayo Coal Combustion Product (CCP) Monofill Site – Phase 1. The existing permit authorized permanent impacts to 2,074 linear feet (lf) of stream channel for the construction of a synthetically-lined industrial landfill (Coal Combustion Product Monofill) and associated infrastructure at the Mayo Plant in Person County, North Carolina.

Comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this proposal. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment (EA) and/or an Environmental Impact Statement (EIS) pursuant to the National Environmental Policy Act (NEPA). Comments are also used to determine the need for a public hearing and to determine the overall public interest of the proposed activity.

The Public Notice, including specific plans and site information, is available on the Wilmington District Web Site at:
<http://www.saw.usace.army.mil/Missions/RegulatoryPermitProgram/PublicNotices.aspx>.

Comments must be received by close of business on **September 09, 2018** and may be addressed to Roscoe Sullivan, Raleigh Regulatory Field Office, 3331 Heritage Trade Drive, Suite 105, Wake Forest, North Carolina 27587
