

**US Army Corps
Of Engineers**
Wilmington District

PUBLIC NOTICE

Issue Date: December 19, 2007
Corps Action ID #: 200110096

The Wilmington District, Corps of Engineers (Corps) circulated a public notice on November 6, 2007, announcing the availability of a Supplement to the draft Environmental Impact Study (SDEIS) on the Potash Corporation of Saskatchewan, Phosphate Inc., Aurora facility (PCS), request for Department of the Army authorization to impact 2,408 acres of waters of the United States associated with a mine continuation near Aurora, North Carolina and seeking comments on both the document and the applicants proposal. The full text of the November 6, 2007, notice as well as the DEIS and SDEIS are available for review on the Wilmington District Regulatory homepage at, www.saw.usace.army.mil/wetlands. Written copies of the DEIS are available for viewing at the following library locations:

Hazel Guilford Memorial Library
524 Main Street
Aurora, NC

BHM Regional Library
158 N. Market Street
Washington, NC

Pamlico County Library
603 Main Street
Bayboro, NC

New Bern – Craven County Library
400 Johnson Street
New Bern, NC

Written or CD copies of the DEIS may also be obtained by contacting Ms. Alex Rhodes at (910) 251-4633.

The November 6, 2007, notice announced a comment deadline of December 21, 2007. With this notice the Corps is extending the comment period until December 31, 2007. Written comments pertinent to the proposed work as outlined above, and the SDEIS will be received by the Corps of Engineers, Wilmington District, until 5pm, December 31, 2007. Comments should be submitted to U.S. Army Corps of Engineers, Wilmington District, Regulatory Division. ATTN: File Number 2001-10096, Post Office Box 1890, Wilmington, NC 28402-1890. Questions about the proposed action and SDEIS can be directed to Mr. Tom Walker, Project Manager, Regulatory Division, telephone: (828) 271-7980 extension 222.
