

# WANTED

Park Rangers have noticed a string of interesting incidents. From crayfish vanishing, an injured fox cub, and a missing beaver. It would appear what we have here is

## "A Case of Predator & Prey"

A team of very curious junior rangers are needed to help our Park Rangers get down to the bottom of this. Through a 45-minute interpretive program, we will evaluate the evidence while briefing the class on predator-prey relationships and their roles in the ecosystem. The team surely will come out with a clear answer while also meeting several NC core standards along the way. If you have an interest in helping the case, we will travel to you free of charge.

BLAKE JOHNSON, Park Ranger

## REWARD

Participating 4<sup>th</sup> graders will earn Every Kid in the Park passes, which grants themselves and three others free entry into National Parks.

US Army Corps  
of Engineers
